Parts List

<i>description</i>	<i>part #</i>
locking hook.....	324740
padlock.....	324741

1) Cover

Place speed rail cover down into the speed rail, as shown in *figure 1*. Parts should fit into each other smoothly with some clearance.

2) Locking Hook

Take the locking hook and place it as shown in *figure 2*, aligning the hole in the locking hook with the strike plate as shown in *figure 2a*.

3) Padlock

Once the locking hook and speed rail cover are in place, pull the hasp flange down over the strike plate. Once the parts are aligned, slip the padlock thru the hole in the strike plate, and lock as shown in *figure 3*.

Note: Single speed rail shown. For double speed rails, repeat Steps 1 through 3.
