- Includes reinforced bracket for mounting to underside of bar

#BTGR bar top glass rinser

#UBGR underbar glass rinser

*Eagle's NEW Bar Top Glass Rinser is a convenient means to thoroughly rinse to completion within seconds. Take a glass, turn it upside-down, place it on the glass rinser, and push down to activate it. It's that easy! Applicable to any drinkware—from narrow champagne flutes to wine glasses—it reaches where you can't.*

*Choose from two models, depending on where you want the glass rinser: the 6-inch square size of the bar top rinser barely takes up any counter space. The underbar rinser comes with a reinforced bracket for mounting to underside of bar.*

For custom configuration or fabrication needs, contact our **SpecFAB® Division**.
