*Every bartender wants a perfect pour. By rinsing the glass before pouring, you rinse away any impurities and condition the glass for that perfect pour. Eagle's NEW Drop-In Glass Rinser Troughs are easy to use: Turn a glass upside-down, place it on the glass rinser, and push down to activate it. It's that easy! Sits flush with the countertop! Cover is removable for ease of cleaning.*

*Choose from four models ranging from six inches to 24 inches in length.*
