Walstor® Modular Wall Systems convert wasted wall space into a productive and organized work area.

Imagine the possibilities!

Wall mat with wire shelf and multiple accessories

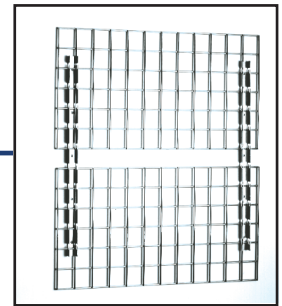

This system allows you to bolt the uprights on stud centers first and still have the freedom to position the shelves anywhere on the brackets, without the use of fasteners!

Wall mounted 4 tiered shelving system

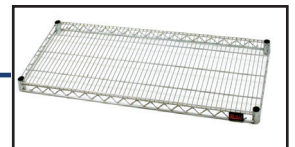

Wall Mats

- Allow for easy adjustable components.
- Accessories hook right to mats.
- Vertical wall uprights secure to any stud width to provide a sturdy unit.

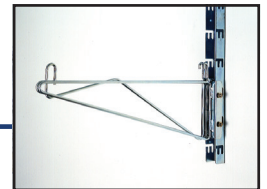

Wire Shelves

- Patented Quad-Truss® design (patent #5,390,803) for up to 25% more strength.
- Available in lengths of 36" or 48".
- Shelving can be placed anywhere on an upright.
- Able to sustain an uneven load capacity.

Wire Shelf Brackets

- Attach and remove easily to adjust shelf position.
- Add or take away shelves as needed.

WALSTOR®

Walstor® Modular Wall Systems use standard components to build a unique and flexible way to maximize space and to accommodate any situation.

Walstor® allows you to maximize space, utilizing previously unused wall area for storage, prep, work areas, almost anything — all while keeping everything within easy reach, without taking up valuable floor space.

Walstor® puts you in charge by allowing you to organize your room effectively and efficiently with total flexibility.

Foodservice

Wall Storage System

Utilize the Walstor® easy-to-adjust shelving system to eliminate the need for floor-mounted post systems—and ideal way to maximize your working space with a floor-to-ceiling storage system.
