#KBD-2/SS Keyboard Drawer
## for 24˝ & 30˝ Wire Shelves

ASSEMBLY INSTRUCTIONS

Before assembly…

• Note the front-to-back dimension (24˝ or 30´) of your wire shelf.

• On the left and right brackets, note the locations of the holes to be used with the hooks in Step 2. See the illustration at right.

for Quad-Adjust® shelving only

front bracket holes for 24˝ and 30˝ shelves

(top view of left and right brackets)

Step 1 - Determine location of brackets.

• Using the appropriate illustration below as a guide, please note the number of front-to-back mat wires that separate the hooks at the front and rear of the brackets.

• Please note the locations of the hooks in relation to the locations of the brackets.

• Place hooks onto 1st and 4th side-to-side mat wires of wire shelf, as shown.

ASSEMBLY INSTRUCTIONS

Please note:
For instructional purposes, this instruction sheet will show assembly of keyboard drawer to a 24˝ wire shelf.
Step 2 - Attach brackets to wire shelf.

• Position bracket up to the bottom of shelf, aligning holes in bracket with hole in each hook.

• Attach bracket to hooks with bolt, washer, and hex nut.

• Repeat with remaining bracket and hooks.

outer slide component

(left-hand slide shown)

ASSEMBLY INSTRUCTIONS
Step 4 - Attach outer slide components to brackets.

• Attach outer slide component to bracket with bolt, washer, and hex nut at the holes shown in illustration.

• Repeat with remaining outer slide component and bracket.

(Note: bracket shown without shelf for clarity of illustration)

Step 5 - Assemble keyboard drawer to outer slide components.

Align each side of drawer with both outer slide components, and push.

(End) Assembly is complete.
