Profit from the Eagle Advantage®

Spec-Bar® Portable Bar with Workboard

SPEC-BAR® Portable Bar with Workboard combines Eagle Group's most popular back bar equipment with a rugged stainless steel tubular frame to create a compact and capable mobile workstation. The 48" workboard, large ice bin, full length double speed rail make this workstation a workhorse.

Design & Construction Features:

- Storage for four (4) 20" x 20" x 4" glass racks.
- 80" length, 32" wide, 48" high with 34" work height.
- Fully mobile - standard 4" poly tread casters with brake.
- Ice bin is 15" x 19" x 8", with 1½" drain.
- Workboard is 48" with 1½" drain.
- Speed rail is full length.
- Ice chest and workboard plumbed independently.
- Welded 1½" type 300 stainless steel square tubular base construction.

Spec-Bar® Deluxe Portable Bar

SPEC-BAR® Deluxe Portable Bar combines Eagle Group's most popular back bar equipment with a rugged stainless steel tubular frame to create a compact and capable mobile workstation. The five-step liquor display and double speed rail provide ample storage. The blender station features a workboard with wet waste drain and blender shelf. The combination ice chest provides separate insulated bottle and ice bin.

Design & Construction Features:

- Welded 1½" type 300 stainless steel square tubular base construction.
- 80" length, 33" wide, 48" high with 34" work height.
- 12"-wide five-step liquor display with stainless and ABS construction with snap-on label cover.
- 12"-wide blender station with sink, workboard, wet waste drain, and blender shelf.
- 48" combination ice chest with separate insulated bottle and ice bin, double speed rail, and sliding cover.
- Storage for four (4) 20" x 20" x 4" glass racks.
- Bottle bin, ice bin, and workboard plumbed independently.

Spec-Bar® Portable Bar with Double Ice Bins

SPEC-BAR® Portable Bar with Double Ice Bins combines Eagle Group's most popular back bar equipment with a rugged stainless steel tubular frame to create a compact and capable mobile workstation. The double ice bins, dump sink, and full length speed rail will have your bartenders serving drinks from both barrels.

Design & Construction Features:

- Storage for four (4) 20" x 20" x 4" glass racks.
- Double speedrail measures 72".
- 80" length, 32" wide, 48" high with 34" work height.
- Fully mobile - standard 4" poly tread casters with brake.
- Double ice bins measure 15" x 21" x 8" with 1½" drain.
- Ice bins and dump sink plumbed independently.
- Welded 1½" type 300 stainless steel square tubular base construction.
- Single 10" x 12" dumpsink with perforated insert and 1½" drain.
