WalStor® Modular Wall System ^(NSF)

WalStor® allows you to maximize space, utilizing previously unused wall area for storage, prep work, almost anything – all the while, keeping everything within easy reach, without taking up valuable floor space. WalStor® is designed so that your shelves can be positioned anywhere on a wall, regardless of stud position.

Please note: WalStor® must be mounted to a solid surface or studs in a wall. User must determine installation materials and methods suitable to hold and support the WalStor® system.

WalStor® Double Shelf Kit with accessories

Single Shelf Kits

- (1) EAGLEbrite® shelf
- (1) 18"-tall full-length wall mat
- (1) pair of 30" vertical wall uprights

Eagle Hand Sinks

Eagle hand sinks are the most specified in the industry. A variety of models are offered, including basic units, units with towel dispensers and all-electronic units. All models are wall mounted. Many available with MICROGARD® antimicrobial protection, see below.

MICROGARD® Antimicrobial Protection

An antimicrobial agent which contains built-in protection to retard the growth of a broad range of bacteria, mold and mildew on the surface of bowl that cause stains, odors and degradation. MICROGARD® is a second line of defense. In keeping with good hygiene practices, clean this product as usual. The protection will not wash out, while organic bactericides may. Available only on the sink bowl. An* indicates units applicable.

HOW TO ORDER MICROGARD® ON HAND SINKS:
Add suffix "-MG" to model number (example: HSA-10-FE-B-MG) and \$227 to list price of hand sink.

Basic Units (NSF)

Mobile Ice Caddies

- Top and body are heavy gauge stainless steel.
- Ice storage bin is type 304 stainless steel, fully insulated, isolated from exterior with thermoplastic plastic breaker strips.
- 19" front-to-back and 18" deep, with pan sloped to a 1" NPS drain connection with ball valve, lift-off sliding cover.
- 5"-diameter casters—two with brakes.

Ideal for any place which serves ice cold beverages, from restaurants and bars to indoor and outdoor venues in which portability is a must, Eagle's NEW Mobile Ice Caddies will meet your needs! Stainless steel construction is durable as well as attractive. The 29" height allows for these caddies to easily fit underneath a standard-height bar or countertop.

Example: DHT3-120B.

NOTE: models with * are available with optional AutoFill® Water System.

Optional AutoFill® Water System with Built-In Back Flow Preventer

Automatically supplies and maintains proper water level in hot food wells with drains. No additional holes or drains in well. Independent system with its own On/Off switch with LED indicator. Reliable level sensing (even in conditions of mineral deposit build-up). Maintains less than a ¼" difference in high and low water levels. Available on wet hot food tables (an * indicates units applicable in the charts).

To order: Add "A" in front of first dash in model number. Example: AWT4A-LP-1 and add \$2563 to list price of Hot Food Table.

RedHots® Gas Fryers

These compact, easy-to-operate countertop fryers answer the needs of modern, busy catering establishments for reliable, well-built equipment that offer flexibility, performance, style and value for money. 40 to 50 lbs. of frozen french fries cooked per hour. Designed with safety, ease of operation and performance as paramount, these fryers have a stylish and robust modular design, constructed of high-quality brushed stainless steel, large "cool to touch" dial, large heavy duty adjustable feet and easy to clean and remove accessories.

- Stainless steel construction with stainless steel fry pot.
- Four stainless steel open burners at 13,250 BTU per burner (53,000 total BTU per hour).
- Furnished with thermostatic control, push-button ignition and pilot light.
- Stainless steel hinged front door for access to thermostatic control and ignitor.
- Stainless steel tube style tank.
- Two 5-lb. capacity iron mesh nickel-plated fry baskets.
- Hi-limit safety shutoff.
- Burner safety valves.
- Attachable drain connection to facilitate draining down.
- Heavy duty adjustable feet.
- Unit supplied with gas regulator.
