PORTABLE HAND SINKS

I NO ADDITIONAL PLUMBING I ALL YOU NEED IS WATER & 120-VOLT RECEPTACLE I

Eagle Portable Hand Sinks offer a mobile solution for adding handwashing in unconventional locations, or where they are needed on a temporary basis. None require additional plumbing—all you need is water and 120-volt receptacle. With both enclosed base and open base models available, you're sure to find an Eagle portable sink to meet your needs.

A variety of sinks available, choose between sinks with "Biltmore Cherry" Wilsonart® laminated plywood cabinet base, or with heavy gauge stainless steel cabinet body. Then choose between sinks with single 10" x 14" stainless steel bowl, three stainless steel bowls, or one removable acrylic water plate (patent pending). Each choice then offers a sink with hot and cold water (utilizing hot water heater included), or with cold water only.

Standard Features

- Stainless steel top with box marine edge on front and ends, and with either 8 1/2" -high backsplash (on sinks with stainless bowls) or 10 1/4" -high backsplash (on sinks with acrylic water plate).
- Deck mount faucet with 8" spout and 1/4" turn handles.
- Towel rack accommodates standard rolled paper towels.
- Deck mount soap dispenser.
- 5-gallon fresh water tank.
- 7-gallon gray water tank.
- Units with hot & cold water include 2.5-gallon hot water heater and bracket.

Options for Portable Hand Sinks

- Extra 5-gallon fresh tank.
- Extra 7-gallon soiled tank.
- Perimeter bumper.
- Electronic-eye faucet (A).
- Custom etching in water plate (B).
- Poly board for sinks with water plate (C).

Touch-Free Portable Hand Sinks

Features heavy gauge stainless steel cabinet with double pan hinged stainless steel door and lock.

Overall dimensions: 24" width, 26" length and 56 3/4" height.

Hands-free operation matches the portability of this newest addition to Eagle's line of Portable Hand Sinks. Convenient for indoor facilities, while durable for outdoor use where water is limited and hands-free cleanliness is of utmost importance.

Paper towel dispenser, soap dispenser, and faucet are all TOUCH-FREE, critical in clean water management while promoting good hygiene practice.
